## DIVISION OF YOUTH SERVICES

### FY 2023

## INTRODUCTION

### Mission

The mission of the Division of Youth Services is to provide effective prevention, intervention and treatment programs to give opportunities for success to families and children in Arkansas and to ensure public safety. Services will provide alternatives to confinement or commitment to DYS and/or support transition of youth back into their homes, schools and communities. Treatment plans for both youth and families will rely on results of individualized risk and needs assessment, and promote positive growth, educational and vocational development, self-sufficiency, and accountability

### Vision

The Arkansas Division of Youth Services works with judges, providers, schools, and other stakeholders to provide a continuum of individualized rehabilitative services and sanctions for at-risk and adjudicated youth and their families. Children and families in Arkansas are safe and have the resources they need in their communities to help them succeed.

### Values

This plan is based on a number of shared values and beliefs among stakeholders for juvenile justice reform:

1. Youth are best served in **least-restrictive settings located close to home**, when appropriate, evidence-based rehabilitative service are available and removing youth from the home should be the option of last resort.
2. Families, schools, law enforcement and courts need a **wide array of service options**, including graduated sanctions outside the courtroom.
3. **Decision-making should be data-driven**, and programs and services should be supported by data demonstrating their effectiveness in improving outcomes for youth and families.
4. Effective community based services can **reduce the use of confinement and commitment to DYS** and result in significant fiscal savings in state revenue.
5. Treatment and placement decisions should be **individualized, based on comprehensive, standardized assessment, and actively involve youth and families** in the planning processes.
6. All youth in DYS custody should be provided **effective education and vocational training opportunities**.
7. **Limited length of stay recommendations** should recognize that effectiveness of treatment providing institutional settings is diminished after six months, notwithstanding correctional and public safety goals.
8. **Collaboration with local school districts is critical to successful prevention, aftercare and re-entry for DYS youth**.
9. **Funding allocation across residential and community-based services** must be rebalanced.
10. All children and youth in the state should have equal opportunities for services and success, without regard to gender, race or ethnicity, disability, geographic location, or income level.

### Historic Overview of DYS

**Act 199** of 1905 established the first reform schools in Arkansas in Little Rock and Alexander, respectively.

**Act 67** of 1917, the Arkansas Boys' Reform School was relocated to Pine Bluff.

**Act 60** of 1937 established two additional "training" schools at Wrightsville and Fargo.

**In 1968**, the Department for Rehabilitative Services was assigned responsibility to administer "training" schools. The Benton Services Center was opened and controlled the diagnosis and intake responsibilities regarding the youth committed to state custody.

**In 1971, Act 38** established the Department of Social and Rehabilitative Services (SRS), a forerunner to the current Department of Human Services (DHS). The Office of Juvenile Services was placed under the direction of the Director of SRS. In 1977, the Division of Youth Services was formally created as a division within the present DHS.

**In 1985, Act 348** merged the Division of Youth Services with the Division of Children and Family Services until Act 1296 of 1993 reestablished DYS as an independent division within DHS. The Division of Youth Services (DYS) was authorized by Act 1296 to be "devoted entirely to handling the problems of youths involved in the juvenile justice system." DYS became operational in October 1993 and is responsible for client-specific programming and individual treatment programs, serious offender programs for violent youth offenders, providing alternative community-based programming, and other services specified directly by Act 1296.

**ARKANSAS DHS STATISTICAL REPORT  
DIVISION OF YOUTH SERVICES  
FY 2023**

**In 2015, Act 1010** directs the Division of Youth Services of the Department of Human Services to establish the Youth Justice Reform Board to improve the effectiveness of the juvenile justice system and provide oversight of commitment reduction services. The Division of Youth Services and the Board were directed to develop a plan to reduce the use of secure confinement for youth who do not present a serious risk to public safety, calculate savings from reductions in youthful offender commitments and DYS residential populations and allow for the support and expansion of proven effective community based alternatives to secure confinement.

**In 2019, Act 189** transformed Arkansas' juvenile justice system through establishing the utilization of validated risk assessment tools, creating a plan for diversion options to maximize the benefits for juvenile offenders, and developing a plan for the reinvestment of funds into community-based services.

**In 2019, Act 910** moved The Civilian Student Training Program (CSTP) from the Department of the Military to the Division of Youth Services.
