**Division of Youth Services** Arkansas Child Welfare Report Card In Compliance with Act 1222 of 1995 Report Period July 2006 – June 2007

Arkansas Department of HEALTH & HUMAN SERVICES

#### **Executive Summary**

For FY 07 the age and gender of committed juvenile offenders remained overwhelmingly males between 15 and 17 years of age. In FY 07 there was a 6% increase in Caucasian youth and a 10% decrease in African-American youth committed to DYS. In FY 07 there was also a 2% increase in the number of youth recommitted to DYS and the number of youth committed for felony type offenses increased by 1%. Of greatest significance is the trend in the number of youth committed, as the Division started counting all commitments regardless of case. The number of commitments to DYS from FY 2004 through FY 2007 averaged around 594 annually. In FY 2007 commitments decreased by 4% from the prior year.

With all DYS facilities operating at full capacity the increased commitments have taxed our ability to intake and place youth. In the short term the most viable counter to increased commitments is to increase releases by reducing the length of time in placement. One consequence of the increased commitments is an increase in the use of local juvenile detention centers to hold juveniles committed to DYS pending available space for placement or intake processing.

\* Since the Hotline and the Investigations unit are two separate sections within the Arkansas State Police, the Hotline may accept an incident called in, then later the incident will not be investigated by the Investigations Unit after review of the circumstances. The DYS IAU never receives a follow-up on these reports to know whether they were ever investigated. Some of these incidents occurred prior to the juvenile being committed to DYS. The IAU does not receive notification of the findings in these incidents. Some incidents that are reported in one quarter may not be finalized by the State Police until sometime within the next quarter.
